INTERIOR DESIGN

FALL 2021

The Interior Design curriculum prepares students for a career in interior design and closely related industries. The program is structured using a holistic approach that integrates multiple facets of the industry and which serves to develop broad student skill and professional development. As San Francisco State University is located in close proximity to a dynamic design center and to many local showrooms, the program is able to foster experiential learning experiences through utilization of these resources in addition to our own setting.

ABOUT THE MAJOR

The Family, Interiors, Nutrition & Apparel (FINA) Department offers a Bachelor of Science in Interior Design that prepares students for a career in the interior design industry. The curriculum is designed to ensure students develop enhanced and well-developed knowledge and skills in the field of interior design. Course work incorporates both theoretical and hands-on approaches. The program focuses on both residential and commercial design and includes curricula which build on rigor within the transition from foundational courses through advanced level practicum courses. Program study includes a culminating experience within the final semester of study, the Senior Thesis Project. Students earning a degree in Interior Design are eligible to sit for the California IDEX exam upon graduation.

AP and IB exam scores as well as courses taken at community college may impacted he suggest course sequencing. If you are not sure how this will affect you, please contact an SRC advisor.

ADDING, DROPPING AND WITHDRAWING FROM CLASSES AFTER START OF SEMESTER

Please be aware of all deadlines. You may add courses via your Gateway before the first day of instruction, provided there is space available. Once classes start, you will need a permission number from your instructor to add a course via Gateway.

Dropping courses via your Gateway without it being noted on your academic record must occur within the first three weeks of each semester. After this three-week period, you are no longer allowed to drop courses via your Gateway. At this point, you must have a serious and compelling reason to withdraw from a course and submit a petition that includes supporting documentation and an unofficial transcript. If approved, a "W" will appear on your academic record. Withdrawals that lack serious and compelling reasons and/or viable supporting documentation may be denied within the College of Health & Social Sciences. Be conscientious about withdrawing from classes, as you are only allowed a maximum of 18 units for withdrawal. Please also keep in mind that you are only allowed to repeat a course once after receiving a failing grade.

Lastly, it is ALWAYS the student's responsibility to ensure that they are in the appropriate classes – always check your schedule!
